Eligibility: Last Place

2016 LOSER BOWL MATCHUP

*FAVRE'S CLEVELAND CLOWNS VS
VON BOLOGNA MEAT MONSTERS*

Last season the two worst teams in league history met in the Loser Bowl. The story is similar this season — Favre Dollars will meat Von Bologna's Monsters. Favre Dollars had a season only the "professional" Cleveland Browns would even understand. After starting 0-12 & going thru an identity change, the "Cleveland

Clowns" Loser Bowl fate was sealed long ago. Long ago too has the Loser Bowl known of a man called Von Bologna. The Meat Monsters went 3-10 & for the 4th time will head to the Bowl they are becoming synonymous with —

- Meat Monsters 3/3 in Loser Bowls with 3 losses & therefore 3 wins
- Clowns saved season with 1st win in W13

LOSER BOWL HISTORY

LOSER BOWL VI (2016):

Meat Monsters Rule Loser Kingdom

With Favre Dollars starting 0-12 it surely looked like they had a Loser Bowl Title wrapped up... Until they drew a matchup vs the greatest loser this league has ever seen... Von Bologna took his Meat Monsters into familiar territory losing — and

therefore WINNING a 4th LOSER BOWL TITLE. Fittingly they scored 66.6 points as Favre closed out the season on a hot note.

LOSER BOWL V (2015):

Bologna out-losers BEER in Epic Matchup of Worst Teams Ever

Von Bologna v Team BEER — The two worst teams in league history collide in an epic loser bowl battle and rematch of Loser Bowl 2... The Von Bologna Meat Monsters won W1 & then lost-out to claim an unprecedented THIRD Loser Bowl title. They lost (and therefore won) by 10 points led, fittingly, by Loser Bowl and season long MVP – CJ Anderson and his 0 points. Von Bologna, the ultimate loser - surely tiny babies are learning to crawl that weren't yet born the last time Von Bologna tasted victory.

LOSER BOWL IV (2014):

Cupcakes End Terrible Season with Loser Bowl Title

Cupcakes vs Darf Box — Darf Box finally put the Cupcakes out of their misery with a 119-70 Loser Bowl beat down. The Cupcakes use 8 different QBs during a horrific 3-win season capped off with a loss (and therefore win) in the Loser Bowl. MVP Josh Gordon scored 1.5 points bringing his season total up to 21.

LOSER BOWL III (2013):

One Trophy to Another for Commish's Clouds

Sky Clouds vs Baby Centipedes — Following their championship season the Sky Clouds were crowned King Loser with a 101-90 loss (and therefore win) in Loser Bowl 3. MVP Patriots D/ST scored -3.5 as the Clouds allowed the Baby Centipedes,

TB Bucs & a man named BenJarvus Green-Ellis to defeat them. Good news for the Clouds this 9th straight loss will be their last one this season.

LOSER BOWL II (2012):

Emo City Can't Avoid 2nd Straight Loser Bowl Title

Password Is Joe vs Emo City — PASSWORD IS JOE jumped on a defeated Emo City in a bullying 103-80! The loss (and therefore win) gives "Von Bologna Hates Emo City" their 2nd straight loser bowl title. MVP Jeremy Kerley kept the tradition alive scoring 0.7-point becoming the 2nd straight MVP with less than 1 point. The one shining moment was Emo City leaving 0 points on the bench. That's due to what some fans are calling the "Von Bologna" Massacre as he cut every bench player before the game.

LOSER BOWL I (2011):

Emo City Loses (and therefore wins)

Emo City v Darf Box — Emo City got shellacked by Darf Box 115-77 to lose (and therefore win) the Loser Bowl. MVP Dexter McCluster contributed 0.1 point for Emo City.
